*"Theosophy is that ocean of knowledge which spreads  
from shore to shore of the evolution of sentient beings;  
unfathomable in its deepest parts, it gives the greatest  
minds their fullest scope, yet, shallow enough at its  
shores, it will not overwhelm the understanding of a  
child."*

*William Q. Judge, The Ocean of Theosophy*

## UNITED LODGE OF THEOSOPHISTS DECLARATION

The policy of this Lodge is independent devotion to the cause of Theosophy, without professing attachment to any Theosophical organization. It is loyal to the great Founders of the Theosophical Movement, but does not concern itself with dissensions or differences of individual opinion.

The work it has on hand and the end it keeps in view are too absorbing and too lofty to leave it the time or inclination to take part in side issues. That work and that end is the dissemination of the Fundamental Principles of the Philosophy of Theosophy, and the exemplification in practice of those principles, through a truer realization of the SELF; a profounder conviction of Universal Brotherhood.

It holds that the unassailable basis for union among Theosophists, wherever and however situated, is "similarity of aim, purpose and teaching," and therefore has neither Constitution, By-Laws nor Officers, the sole bond between its Associates being that basis. And it aims to disseminate this idea among Theosophists in the furtherance of Unity.

It regards as Theosophists all who are engaged in the true service of Humanity, without distinction of race, creed, sex, condition or organization, and

It welcomes to its association all those who are in accord with its declared purposes and who desire to fit themselves, by study and otherwise, to be the better able to help and teach others.

*"The true Theosophist belongs to no cult or sect,  
yet belongs to each and all."*

The following is the form signed by Associates of the United Lodge of Theosophists:

Being in sympathy with the purposes of this Lodge, as set forth in its "Declaration," I hereby record my desire to be enrolled as an Associate, it being understood that such association calls for no obligation on my part other than that which I, myself, determine.

## Objects of the Theosophical Movement

- I To form the nucleus of a Universal Brotherhood of humanity, without distinction of race, creed, sex, caste, or color;
- II The study of ancient and modern religions, philosophies and sciences, and the demonstration of the importance of such study; and
- III The investigation of the unexplained laws of Nature and the psychical powers latent in man.

### All Nations, One Essence

**“All men have spiritually and physically the same origin, which is the fundamental teaching of Theosophy. As mankind is essentially of one and the same essence, and that essence is one—infinite, uncreate, and eternal, whether we call it God or Nature—nothing, therefore, can affect one nation or one man without affecting all other nations and all other men. This is as certain and as obvious as that a stone thrown into a pond will, sooner or later, set in motion every single drop of water therein.”**

— H. P. Blavatsky, *The Key to Theosophy*

## Program of Activities

### Ancient Births in Other Lands

“All of us are brought to this study by our own request made to our higher self.... It does not matter whether he now is consciously aware of having made the request, nor whether it was made as a specific act, in this life or in many another precedent one; it was made and it is to be answered at the right time. Some of us have asked this many times before, in ancient births of ours in other bodies and other lands; others are making the request now; but it is more than likely in the case of those who are spurred on to intense effort and longing to know the truth, and to strive for unity with God, that they have put up the petition ages since.”

— William Q. Judge, *Notes on the Bhagavad Gita*
